## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 21-28, 30-38 and 48-49 are allowed.
2. The following is an examiner's statement of reasons for allowance: Applicant teaches a method for generating a Speech Hyperlink-Time table in conjunction with a system of universal time that provides a same absolute time for every geographical location on Earth, said method comprising: creating a Speech Hyperlink table structured with columns and rows wherein the columns of the Speech Hyperlink table consist of a column for storing hyperlinked terms, a column for storing universal times at which corresponding hyperlinked terms are recognized, and a column for storing network addresses linking corresponding hyperlinked term and a corresponding network address of a network wherein the Speech Hyperlink table comprises a plurality of entries, wherein each entry of the plurality of entries corresponding to a row of the Speech Hyperlink table and comprises a hyperlinked term and a corresponding network address of the network, wherein said network address links the hyperlinked term to information relating to the hyperlinked term, wherein said information is on a server of the network; and while a speech is being spoken by a speaker, recognizing each hyperlinked term of the Speech Hyperlink table being spoken by the speaker, said recognizing being performed by a speech recognition system on a computing device, and for each recognized hyperlinked term: determining a universal time at which the

hyperlinked term was recognized; ascertaining, from the Speech Hyperlink table, a network address that corresponds to the recognized hyperlinked term; and generating a row in the Speech Hyperlink-Time table, wherein said row comprises the universal time, the recognized hyperlinked term, and the network address that corresponds to the recognized hyperlinked term. The arguments submitted by the applicant in response to the office action mailed 6/16/08 are deemed persuasive, and the cited prior art alone or in combination fails to fairly disclose or teach the claimed combination of features.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
